Lucknow, India

SUMMARY

Cybersecurity-focused MCA student with a strong foundation in Linux, Python, Computer Networks, and IT infrastructure. Hands-on experience with SailPoint Identity Security Cloud (ISC) for Identity & Access Management. Background in full-stack development provides deep understanding of how systems are built and where vulnerabilities emerge. Targeting IAM Analyst and SOC Analyst roles.

EDUCATION

Integral University Lucknow, India
Master of Computer Applications (MCA) 2025 – 2027

Relevant Coursework: Operating Systems · Computer Networks · System Design · Algorithms & Data Structures · Automation & Scripting

Integral University Lucknow, India
Bachelor of Computer Applications (BCA) 2022 – 2025

CGPA: **9.70 / 10.0** — First Division with Honours

Relevant Coursework: Programming (C, C++, Python) · Data Structures & Algorithms · Operating Systems · Computer Networks · DBMS · OOP

EXPERIENCE

Software Developer Oct 2025 – Present
Techmeld IT Services Part-time · Hybrid

- Developed and maintained internal tools and client-facing products across the full stack.
- Worked across frontend, backend, and database layers, gaining practical understanding of system architecture and data flow.
- Contributed to technical planning and product development discussions, building awareness of security considerations in software design.

Web Developer & Technical Content Intern Feb 2025 – May 2025
CodeSpeedy Technology Pvt. Ltd. Remote

- Authored technical articles on programming languages, algorithms, and software development for a global developer audience.
- Developed code samples, tutorials, and project guides as part of the editorial content pipeline.
- Collaborated with the editorial team to improve technical accuracy, readability, and SEO of published content.

PROJECTS

SailPoint ISC Automation Toolkit github.com/sahilahmadofficial/sailpoint-isc-toolkit
Python, SailPoint ISC REST API, OAuth 2.0

- Built Python scripts to automate identity lifecycle management tasks via SailPoint ISC REST API.
- Implemented OAuth 2.0 authentication flow for secure API access and token management.
- Automated access certification and user provisioning workflows, reducing manual effort significantly.

Linux System Hardening Script github.com/sahilahmadofficial/linux-hardening
Bash, Linux, UFW, SSH

- Developed a Bash script to automate hardening of fresh Linux installations following CIS benchmarks.
- Implemented SSH hardening, UFW firewall rules, service auditing, and password policy enforcement.
- Documented each hardening step with security rationale for reproducibility and learning.

Log Analyser & Threat Detector github.com/sahilahmadofficial/log-analyser
Python, Regex, Linux Auth Logs

- Built a Python tool to parse Linux auth and system logs for suspicious patterns and anomalies.
- Implemented detection rules for brute force attacks, failed logins, and privilege escalation attempts.
- Generated structured alert reports with timestamps, source IPs, and severity classification.

TECHNICAL SKILLS

Security: Cybersecurity, IAM, Identity Security, SailPoint ISC, Network Security, Web App Security
Languages: Python, Bash, SQL, C, C++
Tools: Wireshark, Nmap, Burp Suite, Metasploit (basic), UFW, SSH
Core: Linux, Computer Networking, TCP/IP, Operating Systems, Shell Scripting
Fundamentals: IT Infrastructure, System Design, DBMS, OOP, DSA

CERTIFICATIONS

- **SailPoint Identity Security Leader** — SailPoint University *2026*
- **Introduction to Identity Security Cloud** — SailPoint University *2026*
- **Google Cybersecurity Certificate** — Google / Coursera *In Progress*
- **CC — Certified in Cybersecurity** — ISC2 *In Progress*
- **Introduction to Cybersecurity** — Cisco Networking Academy *In Progress*

ACHIEVEMENTS

- **1st Place** — **HackHarmony 2.0**, HECA, Integral University *Apr 2024*
- **2nd Place** — **Hackathon**, CODE CLUB & DPC, Integral University *Sep 2023*
- **First Division with Honours**, BCA — CGPA: 9.70 / 10.0
